I am not sure that a case has been made out for the appointment of a special officer as suggested The Dy Inspr General has been appointed specially to attend to the expansion of elementary vernacular education, and if an officer of his status & experience will be able to do all the work referred to by the GI with greater facility than a new officer on small pay.

12 I have spoken to Mr Sharma Rao, and agree with him that some additional help is necessary to have some special establishment to push forward the work of having more schools (in connection with compulsory education) examining & improving indigenous schools &c As the operations are largely extended, I think the demand is not unreasonable

13 Mr K. Krishna Rao may be appointed as proposed, and attached to the Director-General's office, without a separate office. One peon on 8Rs may be also appointed. This arrangement may be sanctioned for a year.

Final Note by the First Councillor

Subject — Appointment of a Special officer in connection with the expansion and improvement of education in the State

---

In order to cope with the expanding organization work in the Education Department, to give effect to the policy of increasing the number of schools and the introduction of compulsory education the Inspector General of Education requires the services of an officer on special duty for a temporary - period of 1 year to start with

Paper under Approval

He has selected Mr Kalale Krishna Row, Assistant Master of the High School Department of the Maharaja's College Mysore for this work He recommends that this officer whose present pay is 100 Rs may be given an allowance of -- 50 Rs and appointed on special duty with the rank status - and designation of a Deputy Inspector of Schools

I was at first not sure of the necessity for this appointment but after further personal discussion with the Inspector General of Education I have come to the conclusion that some additional help is necessary to push forward the work of having more schools in connection with compulsory -- education, examining and improving indigenous schools etc

I therefore recommend that Mr K Krishna Row may be appointed as proposed on a pay of 100 Rs with a local -- allowance of 50 Rs per mensem and attached to the Inspector General's

General's Office without a separate office He may be treated as a Deputy Inspector of Schools (Deputy Inspector of Education under the revised scheme recently sanctioned) for purposes of travelling allowance One peon on 8 Rs may also be appointed The arrangements may be sanctioned for a year

Mr K Krishna Row's place in the tutorial line will be duly filled by making temporary arrangements for the period of his special duty

Submitted to His Highness

I submit herewith a Final note by the First Councillor about the appointment of a Special Officer in connection with the policy of increasing the number of schools and the introduction of compulsory education in the State

2 The appointment of Mr Kalale Krishna Rao, Assistant Master, Maharaja's College, Mysore, temporarily for one year, on the terms referred to in the Final note, and the entertainment of a peon on Rs 8 for the same period, may be graciously sanctioned

3 The Second Councillor has no objection to the proposed appointment though he does not feel quite convinced of its necessity

~ Page 6 of the office notes

4 A large number of new schools has to be started, amounting perhaps to a thousand, in all parts of the Province The compulsory education scheme has to be given shape and there are numerous questions connected with the organization of technical schools The Inspector General will be unable to deal with the numerous questions that arise from day to day without special assistance The official he has asked for may be given for the present Later on, when work is properly organized and established, the appointment of the special officer may be dispensed with At present, however, it is necessary to strengthen the hands of the Inspector-General of ducation

5 The First Councillor's recommendation may be graciously sanctioned

No 4148/239

Bangalore 24th September 1913

From

M SHAMA RAO ESQ MA
Inspector General of Education in Mysore

To

C S Balasundaram Iyer Esq B A
Secretary to the Government of His Highness the Maharaja
of Mysore Departments of Education and Agriculture

SIR

I have the honour to submit for the information of Government that consequent on the work of the Education Department expanding in several directions under the generous policy now initiated by His Highness' Government to break down illiteracy as far as possible in the rural and other parts of the State it has become necessary to entertain an officer on special duty for about a year There is much work to be done in connection with the revision of the grants to aided schools under the revised grant-in-aid rules the expansion of indigenous schools the collection of private contributions for school buildings and the investigation of facilities and drawbacks existing in places selected for the introduction of compulsory education The work in connection with the expansion of indigenous schools and the introduction of compulsory education in selected centres is in itself sufficient to engage an officer's whole time but there is no need all at once to appoint more officers than one on special duty The Deputy Inspector General and myself have both found that the existing Inspecting Agency is not able to do their usual work and also help either of us in the directions above indicated I therefore consider a special officer is absolutely needed for a temporary period to start with, for one

one year and I recommend that Mr Kalale Krishna Rao, Assistant Master High School Department of the Maharaja's College, may be appointed a special officer with the rank and status of a Deputy Inspector of Schools He is young, active, and intelligent and from what I have seen of his work, I consider him to be very well suited for the work mentioned His present pay is Rs 100 and he may be given an allowance of Rs 50 per month with the designation of Deputy Inspector on special duty He will of course draw the rates of mileage and daily allowance which are now drawn by Deputy Inspectors As there is considerable work to do and the same has to be done under high pressure, I request that Government may be pleased to accord sanction to my proposal at a very early date I also request that the proposed special officer may be allowed a clerk on Rs 20 and two orderlies on Rs 8 and 7 respectively Considering that the work of the special officer and his staff lies in all parts of the State, I am of opinion that the rates of pay and allowances proposed cannot be regarded as being in any way too liberal The vacancy caused in the Maharaja's College by Mr Krishna Rao's deputation in grade C IV (50-10/1-100) will be filled up by promoting temporarily one of the masters in the lower grades and employing a new hand in place of the master so promoted

The cost of the special officer and his establishment may be met from the provision of one lakh of rupees provided in the current official year's Budget

I have the honour to be,
Sir,
Your most obedient servant,

Inspector General
